

Weekly Maintenance Record -

TC180D TH3 PAPR System

Regular Maintenance Log Book

The artisan who uses this TC180D PAPR unit is responsible for completing the daily and weekly checks and should initial the box to confirm the check has been completed

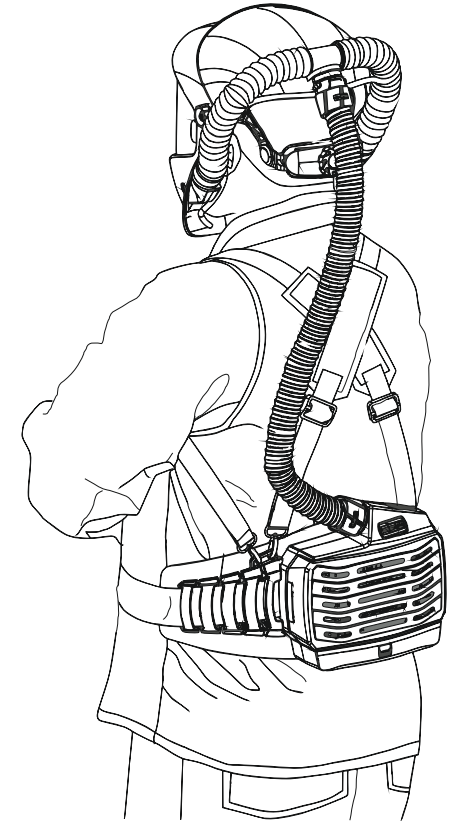

Issued to:- _____ Company / section _____ Date. _____

Week Nos. _____ Year 20____ Blower Serial No. _____ Mask Serial No. _____

Each completed log sheet must be retained for inspection by the health and safety department for future evaluation examination and performance test. Failure to provide the log sheets could result in the PAPR system being "failed" until a full test may be conducted. It is a requirement by the HSE that each PAPR system has a log book which must be retained for a minimum of five years possibly longer for insurance purposes.

When the PAPR unit has not been used put a cross above the day - skip tests
